Week3

The screenshot displays a Jira board for Week 3 with four columns: Product Backlog, Sprint Backlog, In Progress, and Complete. Each column contains a list of tasks and user stories, each with a status icon, a title, a number, and an assignee. The 'In Progress' column has a blue border around the 'Show board on web page' task. The 'Complete' column has a blue border around the 'connect database to code.' task.

Column	Item	Assignee	Status
Product Backlog (20)	Send invites	gdeyoung31	User Story
	Create an UI to find user from usernames and display the results.	hansonadam	Task
	Create a pop-up window or alert for the user that was invited.	hansonadam	Task
	Create Pieces	hansonadam	User Story
	Create Wizard (Omega Variant)	hansonadam	Task
	Create Knight	hansonadam	Task
Sprint Backlog (2)	Create a board	seankouma	User Story
	Create board Java object	seankouma	Task
In Progress (5)	Registration	hansonadam	User Story
	Login	hansonadam	User Story
	Create a Validation Service at server side to validate user input data.	hansonadam	Task
	Create a Validation Service at server side to validate user credentials.	hansonadam	Task
	Show board on web page	seankouma	Task
Complete (8)	connect database to code.	antenehz	Task
	Create an API at server side for user registration.	hansonadam	Task
	Added the register api endpoint	seankouma	Task
	Create an API at server side for user login.	hansonadam	Task
	Update team name and number	seankouma	Task
	Create UI for user login.	hansonadam	Task

Week4

The screenshot displays a Jira board for Week 4 with four columns: Product Backlog, Sprint Backlog, In Progress, and Complete. Each column contains a list of tasks and user stories, each with a status icon, a title, a number, and an assignee. The 'In Progress' column is currently empty. The 'Complete' column has a blue border around the 'Create a Validation Service at server side to validate user input data.' task.

Column	Item	Assignee	Status
Product Backlog (21)	Send invites	gdeyoung31	User Story
	Create a board	seankouma	User Story
	Create an UI to find user from usernames and display the results.	hansonadam	Task
	Create a pop-up window or alert for the user that was invited.	hansonadam	Task
	Create Pieces	hansonadam	User Story
	Create Wizard (Omega Variant)	hansonadam	Task
Sprint Backlog (1)	Create board Java object	seankouma	Task
Complete (13)	Registration	hansonadam	User Story
	Login	hansonadam	User Story
	Create a Validation Service at server side to validate user input data.	hansonadam	Task
	Create a Validation Service at server side to validate user credentials.	hansonadam	Task
	connect database to code.	antenehz	Task
